

FOR THIRTY YEARS—M. GUTMAN & CO.

For 30 Years

We have been studying the Clothing business and it has taught us how to buy. We always get the worth of our money, so we can always give you the worth of yours.

Many an honest dealer has to charge more than we do, because he paid too much himself. Ignorance is less provoking than dishonesty, but IT COSTS YOU JUST AS MUCH.

Need we point the MORAL? When you come to us you get the BENEFIT OF WHAT WE KNOW.

Our stock, as usual, this season surpasses any other clothing stock in the state for VARIETY, QUALITY AND QUANTITY.

M. GUTMAN & CO.,

Six Floors,—Twelfth and Main Sts.,—Retail Department.

FUR OPENING—GEO. E. STIFEL & CO.

FUR OPENING.

Thursday, Friday, Saturday.

THIS WEEK.

As has been our custom for several years past to give an opening of FURS, whereby we give to our friends and the public advantages unsurpassed in the eastern cities, we therefore take pleasure in announcing that we have arranged with one of the leading Furriers of New York to give us an opening on the above days. This line will comprise GARMENTS OF ALL STYLES, made from all kinds of Furs; also Rugs, Robes, Scarfs, Foot Muffs, Thibets, Fur Sets, etc., which, in connection with the line of Fur Goods in our stock, will MAKE THE LARGEST DISPLAY OF ELEGANT FUR GOODS EVER SEEN IN THE CITY.

We invite every one to see this magnificent display, especially those contemplating the purchase of Seal, Mink, Marten, or any other Fur Garment, as we can guarantee satisfaction in every respect, especially quality, fit and price.

THE LARGEST LINES OF CLOTH WRAPS in the State.

GEO. E. STIFEL & CO.

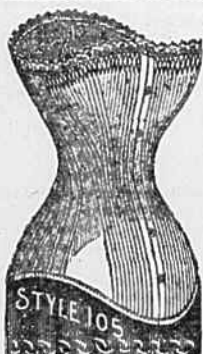

KABO CORSETS

Made right in our own country and considering prices—\$1.00 and \$1.25—superior in workmanship to imported goods at twice the cost, while fully equal in fit and wearing qualities.

No Brass Eyelets!!

Boning will Not Break and Never Pokes Through.

IS GREATER THAN ROYALTY ITSELF.

JUST OVER THE RIVER.

Good News from Captain Danford's Campaign.

THE OLD SIXTEENTH IS ALL RIGHT

And will Surprise Even the Republicans by the Big Plurality She Will Roll up—Some of the Causes which will Produce the Coming Danford Tidal Wave.

Republican prospects were never brighter in the Sixteenth congressional district than they are to-day. The district is made up of Belmont, Jefferson, Harrison, Carroll and Monroe, has a normal Republican plurality of 1,600 and it will give Hon. Lorenzo Danford from 3,500 to 6,000 plurality, and possibly more. Captain Danford, who is one of the brainiest and best lawyers in Eastern Ohio, is very popular throughout the district among business men, manufacturers, workmen, farmers and the people generally. He always runs well and will get a larger vote this year than ever. He never was beaten. He has many admirers among the Democrats and will get a respectable vote from that party, also the Prohibitionists. His meetings throughout the district have been record breakers, not only in the manufacturing towns but in the agricultural districts, and even in Democratic strongholds. He estimates his plurality at 3,500 and some conservative Democrats concede this, while others place it at 2,000. No Democrats will bet on 2,000. Most of them want 5,000. Monroe county, which often gives 2,400 Democratic, will hardly go above 1,600 this year, and the other counties will surprise the natives. Belmont and Jefferson have a dozen manufacturing towns and these will all give greatly increased Republican majorities. In both of these counties there is a large farming vote and the Republicans will make gains here for several reasons. The coal miners, like the iron, steel, glass and pottery workers are dissatisfied and Republican gains are expected among them. There are several thousand coal miners in Belmont and Jefferson and they know what free coal means to the miner whose wages are entirely too low. Some miners are not making over three days a week. The workmen of Belmont and Jefferson counties were never more dissatisfied than they are now and a great portion of them attribute the condition of affairs to tariff tinkering. Nine out of ten get less work. Some glass workers have had only a few weeks work this year and many iron workers have fared very little better.

Loss of one-third of the employees at the Aetna-Standard Iron and steel works, the largest manufacturing establishment in the Sixteenth district, are working. Many skilled mechanics would gladly take laboring jobs if they could be found. These are some of the reasons why workingmen want a change and farmers and wool growers object to 15 cent wool, 50 cent wheat and sheep selling as low as 16 cents each. Sheep recently sold at 15, 17, 40 and 80 cents in Harrison and Carroll counties and 18 cents near Adena, in Jefferson county. Mr. Barnes, the Democratic sacrifice, has created very little enthusiasm in the district, particularly on the river front.

The Prohibitionists will poll their usual vote. The Populist movement is dying young.

Captain Danford has just returned from Clarington, Barnesville and Sardis, and reports that his meetings were large and enthusiastic, and the Republicans there are confident of a large increase in their vote at the coming election.

Y. M. C. A. Meetings.

Young men will find the customary interesting services at the Young Men's Christian Association building this evening and to-morrow afternoon. There will be Bible study at 7:30 and a social religious services at 8 o'clock to-night and gospel meeting at 4:10 to-morrow.

The week of prayer for young men will be observed by the Young Men's Christian Associations all over the land November 11 to 17. This season has been profitably observed by the local association annually. Preparations are being made for a proper observation of the week this year.

MINK capes, finer nowhere. \$75 to \$175. Get our special prices to-day. Geo. M. Snook & Co.

NEVER such a line in Wheeling. The Fur display at Stifel & Co.'s.

THEY STRUCK OIL.

The Experimental Well Near Sandfish Strikes it Rich.

The operations near Sandfish in Marshall county, in quest of oil, mention of which was made in the INTELLIGENCER of Thursday, have proved highly successful, it seems, and it is accounted a surety that the territory is rich in oil. Thursday morning the drillers struck the "Big Injun" sand and almost immediately oil and gas began to come out in what is said to have been unexpectedly large quantities. As soon as possible the hole was plugged up and the drillers were sent back to Pittsburgh. Those connected with the experimental well maintain the utmost secrecy, but the fact that oil was struck has become generally known about the vicinity of the well and as a consequence the farmers thereabouts are greatly elated. The Pittsburgh parties, Duffy & Queen, have every farm in the neighborhood leased, and if the field pass out at all they will be in rare good luck.

Nothing further will be done, it is said, until tanks, pipe, etc., can be taken to the scene from Pittsburgh. Until that time, there, the value of the field cannot be definitely determined.

Instructions to Voters.

In order to vote a voter must be a resident of this state for one year and of the county for 90 days. He must vote in the precinct in which he resides. There is no limit as to the time of his residence in a magisterial district or precinct, but at the time of voting must be a legal resident of his precinct. If a voter is not registered he cannot be deprived of his vote, but if required by the judges of election must make affidavit as to his citizenship.

WHY THE DISCRIMINATION?

The Island Ferry People Want Lights as Well as the Bridges.

To the Editor of the Intelligencer: Sir:—Some time since the citizens of the Island petitioned the board of gas trustees for an arc lamp at each of the ferry landings, and were refused. We suppose the president of the gas trustees, who is also secretary of the Wheeling Bridge Company, used his influence against the granting of the petition. What the Island people would like to know is, how it happens that the members of the board of gas trustees allow themselves to be influenced against the citizens of the Island when such large favors are extended to the Wheeling Bridge Company in the way of light for their bridges?
